SuperLuber™

HEAVY-DUTY PREMIUM
CORDLESS GREASE GUN

**POWER.
PERFORMANCE.
PRODUCTIVITY.**

Productivity is the key in today's global economy. You can't afford downtime due to frequent maintenance or product failures. SuperLuber™ saves you valuable time and money; by reducing costs associated with equipment maintenance and downtime. The SuperLuber™ supplies a consistent grease flow for quicker and more efficient lubrication. It decreases your maintenance costs while increasing performance.

SuperLuber™ efficiency begins with a Variable Electronic Speed Control Trigger Switch with Electric Brake, which enables the motor to stop instantly. Since the grease output can be controlled by the pressure applied to the patented Micro-Chip Trigger Switch, there is minimal waste and no mess.

This patented feature also allows you to maintain the output pressure at a constant 6,000 PSI, enabling you to both speed up lubrication and control the grease volume without compromising the output pressure.

Load it with a filler pump, by suction or use a grease cartridge. When you have numerous fittings to lube, SuperLuber™ provides long-lasting performance. Its fully rechargeable battery pack provides ample power with unrestricted mobility. SuperLuber's™ battery pack recharges in one hour and lasts long enough to dispense as many as six 14 oz. tubes of grease.

SuperLuber's™ ergonomic and well-balanced design makes it easy to carry and allows for easier lubricating in hard-to-reach fittings. It reduces worker fatigue and speeds up routine and unique lubrication tasks. SuperLuber™ gets your job done faster, with the highest productivity and the lowest cost.

Considering the rigorous use professional grease guns get, we have incorporated some unique features into the SuperLuber™. It comes with a range of accessories, in order to meet the requirements of rugged use in most industrial, construction, automotive and agricultural applications.

SuperLuber™ gives you dependability, quality and safety with trouble-free performance. When you want the best in performance - you want the SuperLuber™.

FEATURES:

- Continuous operation with high pressure delivery
- Greater productivity; delivers almost 3 times the volume of grease than other power grease guns
- High flow rate: As high as 2.3 oz. (65 g) per minute
- Battery pack that recharges in just one hour and lasts long enough to dispense as much as six 14 oz. tubes of grease
- Versatile refilling with 3-way loading; 14 oz. cartridge, suction or with a filler pump
- High-torque motor, designed to run cool; no reset switches are necessary
- Compact design facilitates work in tight spaces
- Ergonomically engineered – the well-balanced design reduces stress on hand, arm, shoulder and back muscles

Filler nipple for use with grease filler pump

Air bleeder valve to vent air pockets

Accessible, high-flow check valve

Anti-fatigue carrying strap

Soft, oil resistant grip for comfort

Safety trigger lock - prevents accidental grease release

Patented, variable speed control trigger with electric brake

Internal pressure release valve allows excess grease to flow back into barrel

Built-in pressure relief valve prevents motor overload

Wide band, non-slip knurling for sure-grip handling

Optimized air flow maximizes motor cooling

30" ultra-flex hose (7,500 PSI / 518 bar WP)

High capacity 12 volt NiCd battery (1500 mAh) for extended operation

Adjustable hose holder prevents hose from dangling

Non-drip seal helps avoid grease contamination and prevents leakage

Plunger lock prevents accidental grease discharge while loading

Rubber boot on battery pack - helps prevent damage to battery

Ergonomic T-handle provides positive grip and prevents finger pinching

COMPACT, ERGONOMIC DESIGN: REDUCES FATIGUE AND MUSCLE STRESS.

SUPERLUBER™ COMES WITH EVERYTHING YOU NEED INCLUDING:

1. 110 Volt 1-hour fast charger
2. High capacity, 12 volt NiCd rechargeable battery
3. Extra, high capacity 12 volt NiCd battery pack, (comes with LX-1163 only)
4. Convenient pocket to store manual and accessories
5. 3-way wrench for easy installation or removal of hose assembly, coupler and valves
6. Anti-fatigue carrying strap
7. Heavy-duty slim-line carrying case

Note: Grease cartridges are not included with the SuperLuber™

Compact, slim-line heavy-duty carrying case

Childproof: Case can be locked to keep the gun out-of reach of children

SuperLuber™

HEAVY-DUTY PREMIUM CORDLESS GREASE GUN

"We lube 13 dump trucks daily and the SuperLuber's™ portability allows us to take the lube equipment to the vehicles, not the vehicles to the lube equipment. The SuperLuber™ performs flawlessly with plenty of pressure. It's easy-to-use and it's unique design makes it easy to operate in hard-to-reach places. SuperLuber™ saves our technicians a lot of time which results in saving money for my business."

Jerry Johnson, Owner • JL Johnson Trucking, Acton, IN

"We service a lot of heavy equipment in the shop and in the field. To us, saving time is of critical importance. The SuperLuber™ cuts down on our lube time by more than half as compared to what it took us with the pneumatic lubrication process."

Arthur Blue, Service Manager • Blanchard Machinery Co., Rock Hill, SC

"SuperLuber's™ portability makes it easy to perform lubrication service without the need for expensive overhead equipment or wasted time moving cumbersome equipment around the shop. SuperLuber™ saves us time which equals to better bottom-line profits."

John Cangany, Owner • Cangany's Emer-Ten Service Center, Indianapolis, IN

Part No.	Item
LX-1162	SuperLuber, 12V (Single Battery)
LX-1163	SuperLuber, 12V with 2 Batteries
LX-1164	Battery Cartridge, NiCd, 1500 mAh, 12V DC
LX-1165	Power Battery Charger, 120V, 60 Hz
LX-1166	Field Battery Charger, 12V DC
LX-100	Carrying Strap, for LX-1162
LX-101	Rubber Boot for Battery Pack, LX-1164
LX-102	Adjustable Hose Holder
LX-103	3-Way Wrench
LX-104	Carrying Case, for LX-1162
